PROFILE

Software Development Bachelor's graduate with a focus on web development and over two years of hands-on experience building functional and visually engaging applications. Committed to continuous learning and staying up to date with emerging technologies, I bring a detail-oriented mindset and a passion for crafting creative, user-centered designs. I thrive in collaborative environments and take pride in writing clean, efficient code that delivers real value. Currently seeking opportunities to contribute my skills to innovative projects while continuing to grow as a professional.

WORK EXPERIENCE

Basic Projects Development | Apr. 2023 - Oct. 2024 | Oracle Next Education

- Project Development with Javascript.
- Project Development with JS and React.
- Project Development using 'Styled-components'.
